This declaration of conformity is issued under the sole responsibility of the manufacturer. Object of the declaration is the propulsion engine identified above. This engine is in conformity with the relevant Union harmonisation legislation. I declare on behalf of the engine manufacturer that this propulsion engine, when installed in a watercraft, in accordance with the installation instruction accompanying the engine, the engine will meet: the exhaust emission requirements of this Directive; or the limits of Directive 97/68/EC as regards engines type-approved in accordance with Directive 97/68/EC which are in compliance with stage IIIA, stage IIIB or stage IV emission limits for CI engines used in other applications than propulsion of inland waterway vessels, locomotives and railcars, as provided for in point 4.1.2 of Annex I to that Directive; or the limits of Regulation (EC) No 595/2009 as regards engines type-approved in accordance with that Regulation. The (these) engine(s) must not be put into service until the watercraft into which it is (they are) to be installed has been declared in conformity, if so required, with the relevant provisions of this Directive.
